To whom it may concern in South Africa

Introduction to Mr Warwick Marsh

I am writing to inform you of the intending visit to your country of Mr Warwick Marsh and his aboriginal friend, Pastor Peter Compton.

Warwick has a deep love and concern for Australia's indigenous people and has initiated several events designed specifically to encourage reconciliation between our aboriginal and Caucasian peoples.

Both Warwick and Peter are musicians and Christian leaders in good standing in Australia. They are visiting South Africa at their own expense to bring the message of God's love in meetings and concerts through music and art. In this mission, I support them wholeheartedly, and give them my commendation.

I ask that you extend them courtesy and encouragement, and facilitate and promote their arrangements as you are able.

Yours sincerely,

A handwritten signature in cursive script, appearing to read "Chris Miles".

CHRIS MILES
