Hi Warwick & Alison

Here's the testimonial you requested.

God Bless you ... & GO Into this nation & beyond !

" What an exciting thing it is to hear music that really ministers the heart of God. Only those that have spent much time in His presence can achieve that.

That's what the new album 'Fathers' from the Marsh Family has achieved. There's passion in the lyrics, skill in the music performance ... but most of all ... God's Spirit flows from song to song.

An Aussie album, full of variety, & aimed at reaching this Nation for Christ ! That really IS exciting !!! "

God Bless
